

Meeting Rooms-as-a-Service

Effortless conferencing solutions for meeting rooms that just plain work

Command a Premium Presence with Your Clients

Poor meetings project “brand damage” on you and your company. Meeting-Rooms-as-a-Service lets you focus on your job without the worry of AV performance.

Hassle-Free 360° Care

Meeting services designed for effortless usability including hardware, maintenance, professional and managed services. Branded interfaces to collaborate across multiple conference solutions.

- Proactive nightly checks to validate service and restore correct settings
- On-demand assistance with remote access and meeting room controls
- Evergreen equipment refresh
- Legacy equipment and codecs (WebEx, Teams, etc.) can all be brought under the managed service umbrella

Meeting Rooms-as-a-Service

Future Proofed Solution

- Infrastructure compatibility to align with your long-term vision
- Interoperable across WebEx, Teams, Zoom and other platforms
- Mobile, desktop, huddle room and boardroom solutions
- Integrated workplace management (check-in, room booking) functions
- Intelligent management tools to maintain, manage, automate, analyze and optimize systems
